Green passport

NHL Stenden Originals ballpoint pen

Product description
This ballpoint pen is designed for everyday writing and made from post-consumer recycled ABS plastic. It features blue ink and is printed with the NHL Stenden Originals design on both the clip and around the barrel. A practical and responsible writing tool for daily use at school, work, or events.

Material
- Barrel and clip: Post-consumer recycled ABS plastic
- Ink refill: Recycled refill, blue

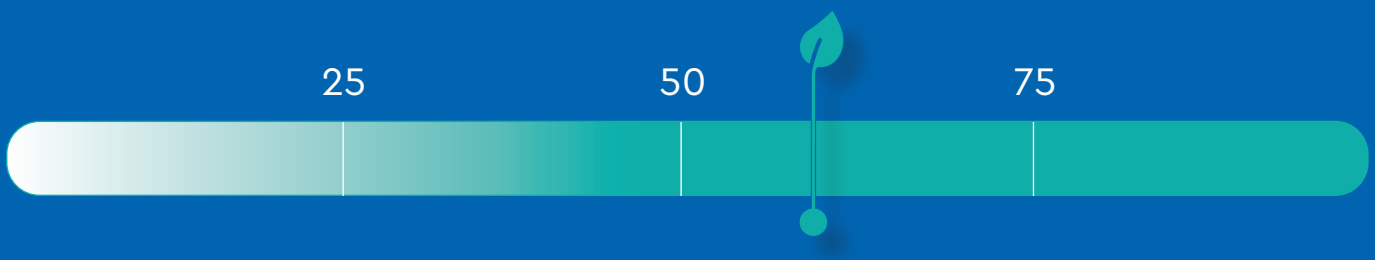

Environmental Impact
Using post-consumer recycled ABS plastic helps reduce plastic waste and lowers the demand for virgin plastic materials. The recycled refill further supports circular use of materials and extends the product's lifespan.

Packaging
Delivered in minimal packaging to reduce unnecessary waste.

Transport
Bulk-packed and shipped via optimized logistics to reduce CO_2 emissions per item. Sea freight is preferred whenever possible.

End of Life
The pen can be recycled where facilities exist. Separate the refill from the plastic body before disposal to support proper recycling.

Why it's green
- Made from post-consumer recycled plastic
- Recycled ink refill
- Minimal packaging waste
- Designed for long-term everyday use
- Supports circular material use
